Involved or Interviewed

MYRA DAROUSE, 3116 Prytania, Apartment 29, informed that she was the home room teacher for LEE HARVEY OSWALD during OSWALD's attendance at Beauregard Junior High School, New Orleans, Louisiana.

She said that she recalled OSWALD as being a physically small boy who did not associate very much with the other students. Mrs. DAROUSE said she recalled that generally during the school lunch period, OSWALD would be by himself and quietly eat his lunch, and after finishing his lunch would then begin to read from various unrecalled books while the other students would usually be engaged in conversation or other activity.

She advised that she did not consider OSWALD to be a trouble maker at the school, but recalled on one occasion that OSWALD did get into a fight with another student. She could not recall the name of the other student OSWALD was fighting with, but did recall that other students were holding OSWALD on the ground during which time OSWALD was being punched.

Mrs. DAROUSE said that she came out on the school ground and observed blood on OSWALD's face and thereafter wiped the blood from his face and put some band-aids on the bruises. She said she could not recall the identities of the other students who were holding OSWALD nor did she know why they were fighting.

Mrs. DAROUSE said that she could recall nothing else about OSWALD and that she does not know ROBERT LEE OSWALD, JR. or JOHN EDWARD PIC.

OSWALD: Well, I know about the fact that there is a market in the Soviet Union only for western apparel, and certain other items. There is no black market in the Soviet Union for food, none whatever. By black market, I assume that you mean a situation where food is either stolen or grown in one area, and taken to another area and sold covertly, under cover. No such system exists in Russia.

STUCKEY: Mr. Oswald, I am curious about your personal background. If you could tell something about where you came from, your education and your career to date, it would be interesting.

OSWALD: I would be very happy to. I was born in New Orleans in 1939. For a short length of time during my childhood, I lived in Texas and New York. During my junior high school days, I attended Beauregard Junior High School. I attended that school for two years. Then I went to Warren Easton High School and I attended that school for over a year. Then my family and I moved to Texas where we have many relatives and I continued my schooling there. I entered the United States Marine Corps in 1956. I spent three years in the United States Marine Corps, working my way up through the ranks to the position of buck sergeant and I served honorably, having been discharged. Then I went back to work in Texas and have recently arrived in New Orleans with my family, with my wife and my child.

STUCKEY: What particular event in your life made you decide that the Fair Play for Cuba Committee had the correct answers about Cuban-United States relations?

OSWALD: Well, of course, I have only begun to notice Cuba since the Cuban revolution, that is true of everyone, I think. I became acquainted with it about the same time as everybody else, in 1960. In the beginning of 1960x. I always felt that the Cubans were being pushed into the Soviet bloc by American policy. I still feel that way. Our policy, if it had been handled differently and many others much more informed than I have said the same thing, if that situation had been handled differently, we would not have the big problem of Castro's Cuba now, the big international political problem. Although I feel that it is a just and right development in Cuba, still we could be on much friendlier relations with them and had the government of the United States, ~~xxx~~ its government agencies, particularly certain covert, under-cover agencies like the now defunct CIA.

STUCKEY: Now defunct?

Help.....

The enclosed document is based upon Lee Oswald's school file at Warren Easton High School in New Orleans. Note the discrepancies:

<u>listed</u>	<u>factual</u>
entered school on January 1, 1954	was in New York until January 12, 1954
Byron Jr. High School (#44)	#44 is David Farragut School (not Byron)*
Margret Oswald	<u>Margueritte</u> Oswald
father and mother employed as store managers ??	father died in 1939; mother worked at Dept St.
no brothers but had two sisters	two brothers in Military services
listed vocational choices as Biology and Mechanical Drawing	school records do not show he attended these classes
809 French St.	Murrett's lived at 757 French St. There is not nor has there ever been a 809 French St. the 800 block of French St. is the City Park.

May be worth remembering that LHO school record for Beauregard Junior HS shows his address as 126 Exchange St. when he entered school in January, 1954; however, he and his mother were living at 1452 St. Mary's St. until May, 1954. Starting in May, 1954, LHO and his mother moved into 126 Exchange Place. How come the records for Beauregard Junior High School show his address as 126 Exchange Place in January, 1954 ??

* check w/ NY Board of Education revealed that at no time do they have a listing for a Byron Junior High School in any NY Borough.

*** further checking revealed that LHO was to have attended Trinity Lutheran Evangelical School at 2130 Watson Avenue, NY (Brooklyn) while living with John Pic. Pic's lived at 325 W. 92nd (2 blocks from Central Park-East); the distance from Pic's residence to Trinity Lutheran is 15 miles, and in fact is in another county. It is possible that his mother drove him to Trinity Lutheran, but unlikely.

***** John Pic stated in WC testimony that LHO was enrolled in a Public School (see enclosure) between 2nd Avenue and 3rd Avenue and between 89th & 90th St. in NY City (see map). Two schools were in this vicinity in the 1950's PS #66 (Yorkville Vocational High School-88th & 1st) and PS 169 (Audabon Elementary School). According to official WC information, LHO first attended Trinity Lutheran School for one month before enrolling in PS 117 until January, 1953 and then enrolled in PS 44 (David Farrogot) until leaving NY in January, 54. There was never any evidence (WC) that LHO attended a Public School in NY CITY. He was supposed to have attended 1) Trinity Lutheran for one month 2) PS 117 until January, 1953 and 3) PS 44 thru 1954 (January) when he and his mother moved to New Orleans.

DANIEL ALLAIN, JR., Assistant Superintendent, Orleans Parish School System, 4211 South Mirq Street, advised that from November 25 until November 29, 1963 classes at Orleans Parish Public Schools have been dismissed as a state teachers convention was being held at Baton Rouge, Louisiana on November 26 and November 27, 1963 and added that naturally classes had been dismissed for the Thanksgiving Holiday period. He stated that for this reason possibly no teachers and possibly no personnel would be located at Beauregard Junior High School, 4621 Canal Street, as well as other Orleans Public Schools. Nevertheless, he stated that possibly one Mrs. DORIS D. ACHORD, Secretary, could be contacted at this school for information.

ALLAIN stated that because of his supervisory position he had not been in contact with this school and therefore had no occasion to know a former student of the Beauregard Junior High School, one LEE HARVEY OSWALD who he said attended that school during part of the eighth and all of the ninth grades during the years 1954 to 1955.

Assistant Principal WILFRED O. HEAD, Warren Easton High School, 3019 Canal Street, made available to the FBI an entire cumulative record for LEE HARVEY OSWALD revealing his attendance at Beauregard Junior High School from January 13, 1954, until June 10, 1955, as well as for attendance at Warren Easton High School from September 9, 1954, until October 14, 1955, in order that Photostats might be made for use by the FBI. A review of the complete contents of this cumulative record was made, and the following descriptive summary inventory set out below resulted from that review:

One Cumulative Record

It is noted that while one side of this record indicates grades received by OSWALD while in attendance during 8th and 9th grades at Beauregard Junior High School, the reverse of this record bears a notation "incomplete" revealing that this student left Warren Easton High School before the end of the session when grades are regularly awarded. This record lists personal descriptive information as well as the transfer of this student on September 18, 1956, to Arlington Heights Junior High School, Fort Worth, Texas.

It is noted that the following identifying data appears on this record:

Pupil	LEE OSWALD	Texas
Date of birth	October 18, 1939

Under a general attendance grouping the following attendance for this student at Beauregard was noted:

1954-55 - REPORT 6

Absent	12
Tardy	No notation
"Re ad"	168

It is noted that on December 7, 1963, HEAD explained that the abbreviation "Re ad" regularly represented "Re Admitted" and added that his interpretation of the numbers set forth opposite this abbreviation would represent a total listing of the school days for a given school year. He further stated

NO 100-16601 /cjo

that regularly 180 days appear in the school year and it was a state law that a number of school days in any given year must not fall below 170. HEAD stated that therefore the numbers listed opposite this abbreviation indicated the number of school days that OSWALD attended for a given school year.

It is also noted that under a heading marked "Total Units", a notation appears for 1953-54, Report 3 of P/71.8. On December 7, 1963, HEAD interpreted the letter "p" to mean that a posting had occurred and that the notation of 71.8 total units represented a numerical academic average for OSWALD covering the period for this student at Beauregard Junior High School from January 13, 1954, until the end of the academic year 1953-54.

It was noted that the reverse side of this Cumulative Record referred to above bears a notation "incomplete" relative to OSWALD's studies at Warren Easton High School; however, the following identifying data appears on this record in the space allotted for "High School Record":

Pupil	LEE HARVEY OSWALD
Date of birth	October 18, 1939
Name of Parents	MARGARET OSWALD
Address	126 Exchange Place
Last School	Beauregard

It was further noted that this cumulative record for OSWALD indicates that he was originally admitted to Warren Easton High School on September 8, 1955, and left on October 14, 1956. It is observed that this notation was interpreted on December 5, 1963, by Assistant Principal HEAD as being "incomplete" and at this time HEAD stated that the notation should have been "October 14, 1955."

CATHERINE ANE, Secretary, Warren Easton High School, 3019 Canal Street, New Orleans, advised Special Agent JOHN M. MCCARTHY of the following facts after a review of her records:

She advised that a file from Beauregard Jr. High School revealed LEE OSWALD, 126 Exchange, New Orleans, Louisiana, entered Beauregard Jr. High School on January 1, 1954, and stayed through the 1955 school year. She stated that the record shows OSWALD formerly attended Riglio Elementary School Fort Worth, Texas, as well as Byron Jr. High School (PS 44), New York City, New York. The record further shows that OSWALD's father was ROBERT EDWARD OSWALD while his mother was MARGARET OSWALD. The record showed both of the above individuals resided at 126 Exchange, New Orleans. Both OSWALD's father and mother were employed as store managers but the name and address of the stores were not listed. The file also showed that OSWALD listed no brothers but had two sisters.

The file reflected that OSWALD was born on October 18, 1939, at New Orleans, Louisiana. He listed his height as 5' 5", weight at 135 pounds. The subjects OSWALD liked best were Civics, Math, and Science while the subjects he liked least were English and Art. OSWALD listed his present vocational choice as Biology and Mechanical Drawing. He said, via the record, that his health was generally good except for an abnormal left ear drum. He listed his recreational activities as reading and outdoor sports with a particular interest in football.

CATHERINE ANE advised that OSWALD showed an address of 809 French Street, New Orleans, where he probably resided during the time he attended Beauregard Jr. High School.

Mrs. ANE stated that OSWALD came to Warren Easton High School on September 8, 1955, and left on approximately October 14, 1955. She stated that the file shows a letter dated October 7, 1955, from MARGARET OSWALD in which it is explained that LEE HARVEY OSWALD was being withdrawn from school due to the fact that she and LEE were moving to San Diego, California. She stated that the file further shows that the school received a request on September 18, 1956, to forward

OSWALD's records to Arlington Senior High School, Fort Worth, Texas. She stated that the Warren Easton records show OSWALD's name to be LEE HARVEY OSWALD, 126 Exchange Place, New Orleans, Louisiana. They show OSWALD's mother to be MARGRET OSWALD of the same address and his date of birth as October 18, 1939. ANE said most of OSWALD's grades were in the 70's except that he averaged in the 80's in Civics and Art and Physical Training.

The subjects OSWALD liked best were Civics, Math, and Science while the subjects he liked least were English and Art. OSWALD listed his present vocational choice as Biology and Mechanical Drawing. He said, via the record, that his health was generally good except for an abnormal left ear drum. He listed his recreational activities as reading and outdoor sports with a particular interest in football.

CATHERINE AVE advised that OSWALD showed an address of 809 French Street, New Orleans, where he probably resided during the time he attended Beauregard Jr. High School.

Mrs. AVE stated that OSWALD came to Warren Easton High School on September 8, 1955, and left on approximately October 14, 1955. She stated that the file shows a letter dated October 7, 1955, from MARGRET OSWALD in which it is explained that LEE HARVEY OSWALD was being withdrawn from school due to the fact that she and LEE were moving to San Diego, California. She stated that the file further shows that the school received a request on September 18, 1956, to forward

Mrs. Helen Dufour, English teacher at Beauregard Junior High School, 4621 Canal Street, New Orleans, Louisiana, advised on April 1, 1964, that she had absolutely no recollection of Lee Harvey Oswald although she knew from the records that he was in her class at one time. She said she knew nothing about Robert Lee Oswald, Jr., or John Edward Pic. She said she remembered several people in Oswald's class, one of whom was a boy named Voebel. She said that a photograph of Oswald recently appeared in Life magazine that depicted Oswald in a classroom turning around in his chair and clowning around. Dufour said the picture was taken in her class as she can be seen in the picture. She said she had no idea that the picture was even taken, but presumed it was taken by Voebel as he was always doing one thing or another to disrupt the class. Dufour said if she had been asked she would not have allowed her picture to be published in Life magazine.

Mrs. Dorothy Bush, Science teacher at Beauregard Junior High School, 4621 Canal Street, New Orleans, Louisiana, advised on April 1, 1964, that she had taught Lee Oswald about one-half of a year but cannot recall a thing about him, except that she faintly recalls that Lee Harvey Oswald prepared an experiment about the atom in her class and as she recalls did a poor job of it. Mrs. MILLER stated that her office at 1116 Jefferson Avenue, New Orleans, is the location of McDonogh School #14. She stated that she has been regularly assigned to handle work at Beauregard Junior High School since 1953.

Mrs. MILLER stated that she could not recall having occasion to handle a case concerning LEE HARVEY OSWALD. She stated that she does recall that she handled a case in Exchange Alley at New Orleans and as best as she can remember this was concerning an attendance problem. She said that the student whom she visited must have been attending Beauregard Junior High on a permit since Exchange Alley is located nearly four miles from Beauregard School. Mrs. MILLER said she could not recall any of the details pertaining to this visit and could not associate the visit with OSWALD other than that she remembered an Exchange Alley address. Mrs. MILLER stated that she makes a temporary record concerning minor attendance problems rather than a permanent record file. She stated that after hearing about OSWALD's involvement in the shooting of President KENNEDY she searched her records and was unable to locate anything pertaining to OSWALD or this visit to Exchange Alley.

She stated that she was somewhat surprised to be informed recently by the principal of this school, Mr. JOHN MARTIN that a review of his records revealed that LEE HARVEY OSWALD had attended her English classes from September, 1954 until June, 1955, and she explained she was at a loss to explain that she had no recollection of either the name OSWALD or identification of his facial characteristics, from representations of his photographs through news coverage with any person who attended this school.

She stated that MARTIN had informed her that this student attended her classes. She stated that she had no reason to doubt the truth of this fact, but explained for information that undoubtedly this student had not called attention to himself by being a disciplinary problem and neither had he distinguished himself in his academic studies.

She stated that of the many students instructed over her 33 year teaching career in New Orleans Public Schools, she was able to recall thousands of children instructed, although she added, in this case she was unable to furnish any information whatever.

Date 12/4/63

Mrs. MARY MILLER, School Social Worker, assigned to the Visiting Teacher Department, New Orleans School Board, was contacted at Beauregard Junior High School, New Orleans, Louisiana.

Mrs. MILLER stated that her office at 1116 Jefferson Avenue, New Orleans, is the location of McDonogh School #14. She stated that she has been regularly assigned to handle work at Beauregard Junior High School since 1953.

Mrs. MILLER stated that she could not recall having occasion to handle a case concerning LEE HARVEY OSWALD. She stated that she does recall that she handled a case in Exchange Alley at New Orleans and as best as she can remember this was concerning an attendance problem. She said that the student whom she visited must have been attending Beauregard Junior High on a permit since Exchange Alley is located nearly four miles from Beauregard School. Mrs. MILLER said she could not recall any of the details pertaining to this visit and could not associate the visit with OSWALD other than that she remembered an Exchange Alley address. Mrs. MILLER stated that she makes a temporary record concerning minor attendance problems rather than a permanent record file. She stated that after hearing about OSWALD's involvement in the shooting of President KENNEDY she searched her records and was unable to locate anything pertaining to OSWALD or this visit to Exchange Alley.
